Solutions

In an age of mass production and standardisation, finding something individual is becoming harder. That's why we've developed a highly flexible approach to designing and manufacturing the Manor Oak Collection.

We only make items to order. Standard products, as well as pieces commissioned by you, are hand crafted using European oak from sustainable sources. This means any item of furniture is always unique. Most items are available within our quoted delivery times and all orders are arranged through one of our stockists.

Hues & upholstery

Fabric and leather swatches are available at your local stockist.

Wood samples with our standard finishes are available at your local stockist.

Oak is a beautiful and charming timber. For centuries, its strength has made it invaluable for building architectural structures, while its beauty has made it perfect for furniture.

We offer a range of finishes to ensure your choice blends perfectly with your home's interior. If our standard finishes are not suitable, we offer a colour match service, that allows you to change the style of our furniture items to suit your personal environment and taste.

When choosing chair covers, we offer an extensive selection. We try to be as flexible as possible and will gladly produce the seats in your own fabric.

Caring for your furniture

A lacquered finish allows you to maintain the look and feel of your items simply and conveniently. Just wipe the surface using a moist cloth and a small amount of mild detergent, and dry with a soft cloth. If the surface feels very dry, you can apply a light application of beeswax.

The Oiled Oak Finish is achieved using boiled Linseed oil and is easy to maintain and care for. Your stockist can supply a maintenance kit and instructions.
